18 FREE PROMPTS FOR CLAUDE SONNET 5.5

The complete *Claude Sonnet 5.5* prompt guide

Claude Sonnet 5.5 is Anthropic's fast Sonnet model for everyday coding, documents, slides and spreadsheets. Every prompt in this guide is ready to send. Copy one into the Claude Sonnet 5.5 chatbot on AIFreeForever, add your own code, file or topic, and press Enter.

Bug fixes

Free Claude Sonnet 5.5 Bug Fix Prompt

Here is my code and the error it shows. Find the bug, explain it in two sentences and show the fixed code: [paste your code and the error]

Free Claude Sonnet 5.5 Failing Test Prompt

This test fails and I do not know why. Tell me whether the test or the code is wrong, then fix the right one: [paste the test and the code]

Free Claude Sonnet 5.5 Code Cleanup Prompt

Clean up this function so it is easier to read. Keep the same behaviour, rename unclear variables and add short comments: [paste the function]

Slides

Free Claude Sonnet 5.5 Slide Outline Prompt

Make a 10-slide outline for a talk about [topic]. Give each slide a title, three short bullet points and one idea for a picture.

Free Claude Sonnet 5.5 Review Deck Prompt

@PPT Turn these quarterly results into a 10-slide review. Put one key point and one number on each slide: [paste the results]

Free Claude Sonnet 5.5 Pitch Deck Prompt

Write the text for a 6-slide pitch deck for [your product]: the problem, the solution, how it works, who it is for, the price and the next step.

Reports

Free Claude Sonnet 5.5 Weekly Report Prompt

Turn these notes into a one-page weekly report with a short summary at the top, three headings and a list of next steps: [paste your notes]

Free Claude Sonnet 5.5 Meeting Notes Prompt

Read this meeting transcript and write the decisions, the open questions and who does what by when: [paste the transcript]

Free Claude Sonnet 5.5 Plain Rewrite Prompt

Rewrite this paragraph in plain English for a reader who is new to the topic. Keep it under 100 words: [paste your paragraph]

Web pages

Free Claude Sonnet 5.5 Landing Page Prompt

Build a one-page website for [your business] in one HTML file, with a header, three feature cards, a price table and a contact form.

Free Claude Sonnet 5.5 Murmuration Prompt

Make a murmuration of 400 starlings in one HTML file with plain JavaScript. Let the flock swirl, split and join again.

Free Claude Sonnet 5.5 Clock of Clocks Prompt

Make a clock made of 24 small round clocks in one HTML file. Use their hands to draw the digits of the current time.

Spreadsheets

Free Claude Sonnet 5.5 Excel Formula Prompt

Write an Excel formula that adds up column D only where column B says Paid and column C is in this month. Explain how it works.

Free Claude Sonnet 5.5 Clean Data Prompt

Read the spreadsheet I attached. Find empty cells, duplicate rows and dates in the wrong format, then give me a cleaned table.

Free Claude Sonnet 5.5 Budget Table Prompt

Make a monthly budget table with income, fixed costs, spending and savings, with a total row and a column for the difference.

Free Claude Sonnet 5.5 Colour Palette Prompt

Suggest a colour palette of five colours for a calm, modern [type of] website, with hex codes and where to use each one.

Design

Free Claude Sonnet 5.5 UI Review Prompt

Look at this screenshot of my app and list five changes that would make it cleaner and easier to use, most important first.

Free Claude Sonnet 5.5 Form Polish Prompt

Rewrite this HTML form so it looks clean and modern with plain CSS, with clear labels and a large submit button: [paste the form]
